CASTING AWAY UNBELIEF AND DOUBT

Unbelief is like doubt yet different

Doubt comes from ignorance and lack of intimacy with someone or an idea.

When we doubt God, it points to our lack of knowledge of His promises, a false idea about His personality power and ability. It results from the build - up of strongholds in our minds formed by experience, thoughts conceptions and environment.

Unbelief, however is when you know and acknowledge that there is a God, who is powerful, yet you don't believe His word. (Psalms 78: 21-22).

'Therefore, when the lord heard, he was full of wrath a fire was kindled against Jacob,

His anger rose against Israel, because they did not believe in God, and did not trust his saving power'.

Unbelief is a direct whisper from the devil to the mind of a person

A negative opinion formed about God usually deposited in our minds by Satan.

Satan only know lies and he spreads it to the whole world, the greatest lies he wants us to accept is that God doesn't love us especially when we go through hard times. If he attempted to deceive Jesus Christ three times in a row, why do we think he won't try to deceive us?

The only way to defeat him is to keep a close contact with God through the holy scriptures and seek His wisdom always by asking for it in prayer. It is said that 'divine common sense will expose the lies of the enemy'.

Discover the leadership style that God recommends.

Have you ever wondered why some leaders fail and others succeed?

Here is the answer as this book unravels the mystery of successful leadership pattern and exposes how a life long learning approach can galvanize anybody with a leadership vision into a life of satisfaction.

Don't allow frustration to set in. Learn to follow others who have been successful, emulate them and watch their pattern of life. You will discover:

- common mistakes leaders make
- recognise your limitations
- Set your personal goals
- Move at your own pace

By following and learning from those who have gone ahead you will build a portfolio of knowledge, limit your errors and emerge as a better leader.
